RE: Renaming East and South Dix Mountains

Dear Doug,

On behalf of the Black River Chapter of the Adirondack Mountain Club I would like to thank you again for your informative and enjoyable presentation on The Grace Peak Committee during our March 31, 2007 Potluck Dinner. Our members are fully aware of the role Grace had in sharing her love of the Adirondack Mountains with aspiring 46rs. Those members who have had the opportunity to meet and correspond with Grace will cherish those moments forever. In addition, we as members of the ADK know of Russ Carson as being one of our past presidents, noted author of "Peaks and People of the Adirondacks", and an influential steward of the Adirondack wilderness. I am pleased to announce that at our chapter board meeting on May 3, 2007, we unanimously passed a motion in favor of renaming East Dix Mountain to Grace Peak, and South Dix Mountain to Carson Peak. We fully endorse your efforts and wish you and your committee all the luck in this endeavor.

Sincerely,

Phil Waite
Chapter Chair
Black River Chapter
Adirondack Mountain Club
